RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Fee Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In the Official Action dated October 3, 2003, the Examiner required restriction under 35 U.S.C. §§ 121 between Group I, claims 1-22, 30-44 and 63 drawn to methods of genotyping and disease risk detection comprising nucleic acid polymorphism detection; Group II, claims 23-29 and 64 drawn to methods of polypeptide detection; and Group III, claims 45-62 drawn to methods of predicting response to an agonist or antagonist. In addition, the Examiner required election of a single species of oligonucleotide (Group I) or a single species of agonist or antagonists (Group III) if Group I or Group III was elected.

Applicants elect the invention of claims 1-22, 30-44 and 63 of Group I, with traverse. This election is made with traverse on the basis that it would not be unduly burdensome for the Examiner to examine claims 23-29, 45-62 and 64 with claims 1-22, 30-44 and 63. Accordingly, Applicants request reconsideration and withdrawal of the restriction requirement and examination of claims 1-64. Examination on the merits is respectfully requested.

In addition, as the Examiner required election of a single species of oligonucleotide if Group I was elected, Applicants elect the single oligonucleotide SEQ ID NO: 13 of Group I.

Respectfully submitted,
